METO MACHINE AND ROLLS

AUTHORIZED DEALERS OF
METO PRICE, DATE DECODER GUNS & CONSUMABLES

One, Two and Three lines
PL Series

Meto label guns have an easy-to-handle trigger and attached handle. Being lightweight allows it to be easy to use while doing inventory pricing and coding. A curved application roller tip helps to prevent damage to packaging. The biggest difference of the Meto price gun is the label feed system. Instead of puncturing the backing paper in order to pull and advance the labels, as most other handheld labelers do, these tools use a transport system. The transport does not have spokes, but instead pulls the paper downward through the transport. One of the benefits is that you will not have to waste labels by having to peel them off the backing paper prior to loading a new roll of stickers in the gun.

The body of the tool is gray and the colored inserts can vary. In the United States, the inserts are red, whereas in Europe, they are blue. A PL-Series Meto price gun is a great option no matter what the color.

Do you already have a Meto price gun, but don't know the model number? It should be located on the side of the print head, near the dial knob you use to change the numbers. It would be clear plastic sticker. The long number that is imprinted into the plastic of the handle is only a serial number. In order to make sure you get the correct gun to work with your labels, you'll need to know the model number.

Uniform Pressure Device

All of these Meto label guns have a uniform pressure device (UPD). It's basically a spring loaded print-head. No matter how hard or soft someone pulls the trigger, the print head will contact the Meto labels, with the optimum amount of pressure resulting in a nice print on every label. This also eliminates any feathering effect (light or smeared ink) on pricing labels when a user is rapidly price marking.

Resolution	8 dots/mm(203 DPI)
Max. Print Speed	152mm (6") /s
Max. Print Width	104mm (4.09")
Max. print length	1778mm (70")
Media Width	20-112mm (0.78"-4.4")
Media Thickness	0.06-0.254mm (2.36-10mil)
Label Length	10-1178mm (0.39"-70")

OCBS-2087

2D Barcode Scanner

OCOM high-performance barcode scanner OCBS-2087 features a sleek and ergonomic design. It supports 1D/2D barcode recognition with fast scanning speed. The detachable battery enables long-lasting use, and it offers multiple connection modes (USB/Bluetooth/WiFi) for flexible pairing with external devices.

OCBS-2088

2D Barcode Scanner

OCOM portable barcode scanner OCBS-2088 boasts a durable and ergonomic design. It supports high-precision 1D/2D barcode scanning with anti-glare technology, and offers USB/Bluetooth dual connection modes for seamless integration with various devices.

Product Highlights

Major 1D & 2D Support

High compatibility for all major 1D&2D symbols

Screen & Color Scanning

Can read the barcode on the screen and color barcode

Custom Function Settings

Multi special function setting supported

Application

Retail

Supermarket

Library

Warehouse

Specification

Model	OCBS-2087/W287
Current	Working current(Standard): < 156mA
	Standby current(Standard): < 80 mA
Input Voltage	5VDC (+/- 10%)/500mA
Optional Interface	USB, USB-COM, RS232
Reading Indicators	LED light&buzzer
CMOS Sensor	640*480pixels, 0.3MP rolling exposure
Light Source	LED white light
Aiming Light	Small red frame
Resolution	4mil
Trigger Mode	Manual, continuous scanning, auto-sensing
Shock Resistance	1.5m free fall on concrete surface
Printing Contrast	≥20%
Reading Angle	Roll: 0-360°; Pitch(Tilt): ±60°; Skew (Yaw): ±60°

Product Highlights

Universal 1D & 2D Decoding

High compatibility for all major 1D&2D symbols

Digital & Color Scanning

Can read the barcode on the screen and color barcode

Flexible Feature Setup

Multi special function setting supported

Application

Retail

Supermarket

Library

Warehouse

Specification

Model	OCBS-2088/W288
Current	Working current(Standard): < 195mA
	Standby current(Standard): < 130 mA
Input Voltage	3.3 VDC (+/- 10%)/500mA
Optional Interface	USB, USB-COM, RS232
Reading Indicators	LED light&buzzer
CMOS Sensor	640*480pixels, 0.3MP global exposure
Light Source	LED white light
Aiming Light	Red dot
Resolution	4mil
Trigger mode	Manual, continuous scanning, auto-sensing
Shock resistance	1.2m free fall on concrete surface
printing contrast	≥15%
Reading Angle	Roll: 0-360°; Pitch(Tilt): ±60°; Skew (Yaw): ±60°

OCBS-T288

2D Omni-Directional Barcode Scanner

OCOM compact barcode scanner OCBS-T288 comes with a lightweight and sleek build for easy portability. It delivers fast and accurate scanning of 1D/2D barcodes, with a detachable battery for long working hours and wide compatibility with POS systems via USB/WiFi connections.

OCBS-T216

2D Omni-Directional Barcode Scanner

OCOM OCBS-T216 is a high performance 2D omni-directional scanner. It features a 1MP CMOS sensor, 4mil resolution, and 100cm/s motion tolerance for rapid, accurate barcode capture.

Product Highlights

Wide-Angle Scanning

Wide-angle scanning coverage

Plug & Play Design

Plug and play cable design

Quintuple Shielded Cable

Quintuple-shielded cable ensures interference resistance and data accuracy

Application

Specification

Model	OCBS-T288
Interfaces	USB, RS232(customized)
Cable	1.8M
Reading Indicators	LED/Buzzer
Input Voltage	5V DC/0.5A
Sensor	CMOS global shutter
Pixel	300,000(640*480)
Reading Precision	≥4mil(PCS90%, CODE 39)
Depth of Field	10mm-250mm(different barcode range)
Decoding Speed	65CM/S
Illumination	Red LED
Scanning Mode	Auto, continuous, command(USB COM/RS232)
Print Contrast Ratio	≥15%

Product Highlights

Red LED Surface Illumination

Red LED lighting ensures clear scanning on various surfaces and conditions.

Powerful Global Shutter Performance

Global shutter technology delivers rapid and accurate barcode recognition every time.

Wide-Angle Large Scanning Window

Large window provides a broad field of view for effortless scanning.

Application

Specification

Model	OCBS-T216
Interfaces	USB, RS232(customized)
Cable	1.8M
Reading Indicators	LED/Buzzer
Input Voltage	5V DC/1A
Sensor	CMOS, global shutter, 1280*800 Pixel
Pixel	1,000,000
Reading Precision	≥4mil(PCS90%, CODE 39)
Depth of Field	0mm-500mm (different barcode range)
Decoding Speed	100CM/S
Illumination	Red LED
Scanning Mode	Auto,continuous
Print Contrast Ratio	≥20%

<< Cash Drawer

Specifications: 415(W)×415(D)×100(H)mm,
feet 14mm
Net Weight: 6.8 kg
0.8mm SGCC powder spray the surface of
cold rolled plate

ECD-415H

- 5 bill holders
- 5 or 8 coins holders
- Scratch resistant texture powder coat
- High impact ABS plastic
- 3-position locks

Specifications: 335(W)X368(D)X90(H)
(with feet of 10mm)
Net Weight: 4.0 kg
Flip top: 0.8mm SPCC powder spray the
surface of cold rolled plate
Bottom: 1.0mm SECC fingerprint-resistant
plate

ECD-335X

- 4 bill holders
- 8 coin holders
- 3-position locks

<< POS Peripheral

OCBS-C6

Handheld Android Industrial Data Terminal

Display: Tough 5.5-inch TFT-LCD touch screen

Operating System: Android 13.0

Sealing: IP65, IEC compliance

POS-S004

Intelligent AI Barcode Scale

Product Size: 387*474*542mm

Display: 15.6-inch large screen display

Scale Size: 340*260mm

OCBC-920

Dual CIS Currency Value Counter

Hopper Capacity: 500 bills

Stacker Capacity: 200 bills

Dimension: 260(W)*230(D)*240(H)mm

HP & KAYTEC LAPTOPS

Available in various specs and models upon request.

CPU: Intel® Core™ i7-6700HQ
LCD: 15.6 inch, 1920*1080IPS
Memory: DDR 4-8G/16G (Optional)
Storage/ Hard Disk M.2:
SSD 128/256/512/1024GB (Optional)
AD Metal Shell Material
Battery: 4000mAh/11.4V (Battery life 4~6 hrs)
I/O Ports: USB3.0*2; USB2.0*2;
Headphone microphone 2 in 1*1
Standard HDMI*1
Support RJ45 (100M/1000M)
Camera: Front-facing camera 2.0MP
OS Support: Win10
Wifi/Bluetooth Support 802.11 b/g/n wi-fi+BT 4.0 Bluetooth

Mini PC / Desktop

Powerful Mini PC – Compact.
Fast. Professional.
Size: 128 × 128 × 39.7 mm
Lightweight plastic chassis

VESA mount support
(attach behind monitor)

Intel Core i3 / i5 / i7 options
Up to 4.7GHz Turbo Boost
28W efficient performance
Dual DDR4 slots
up to 64GB RAM
M.2 NVMe SSD up to 2TB

Triple Display Ready

HDMI + DisplayPort +
Full-Function USB-C
Gigabit Ethernet (RJ45)

Dual-band WiFi (2.4G + 5G)
Bluetooth 4.2 / 5.0
TPM 2.0 security support

4 × USB 3.0
1 × USB-C (Data + Video +
Audio)
HDMI DisplayPort
3.5mm Audio combo jack

Smart Business Features

Auto power-on (BIOS supported)
UEFI network boot
Real-time clock

Windows 10/11 Pro or Ubuntu
support

Energy Efficient

19V DC power adapter
Designed for low power
consumption

Perfect For:

Office | Home | Digital Signage |
Education | POS | Industrial Use

Thermal Printer

SPRT Budget Thermal Printer @ only \$99

SPRT POS8811

Desktop 80mm Thermal Receipt POS Printer
Support RJ11 Cash Drawer
Wireless Portable Thermal Receipt Printer
USB port only.
USB, RJ11 & Lan ports available in other
models under SPRT brand.

Datalogic Scanners

MODELS: 3200VSI, 3400VSI, 3450VSI

New: A brand-new, unused, unopened, undamaged
item in its original packaging

Certification: FCC, ce
Colour Depth: 32 Bit
Connectivity: Wired
Interface: RS232
Light source: Led Lights
Optical Resolution: 1280 x 1024 pixel
Part & Accessory Type: Cable
Scan Element Type: CMOS
Scan Speed: 5 mil
Scan type: 1D/2D/QR
Type: Barcode Scanner
